Network of Care is a highly interactive, single information place where consumers, community-based organizations and municipal government workers all can go to easily access a wide variety of important information. The resources in this “virtual community” include a fast, comprehensive service directory; links to pertinent Web sites from across the nation; a comprehensive, easy-to-use library; a political advocacy tool; community message boards; and many others.

The content of this resource manual reflects information available at the time of publication; June 2011

The Wicomico Somerset Regional Core Service Agency and the Worcester County Core Services Agency in no way endorses any one provider or service over another. We hope that this guide is useful in your navigation of the Public Mental Health System in Wicomico, Somerset, and Worcester Counties.

Maryland's Public Mental Health System (PMHS) Overview

The Maryland Public Mental Health System which combines state funds and Medicaid dollars has five goals:

1. To help citizens of Maryland get the care that they need
2. To make sure that the care is appropriate
3. To improve the quality of care
4. To pay for the care received
5. To learn which services are effective for the citizens of Maryland

In order to improve access to mental health services and ensure that mental health services help consumers achieve treatment goals; a toll-free, 24-hour, 7-days a week preauthorization line (1-800-888-1965) has been made available.

The Mental Hygiene Administration (MHA) has authority over the PMHS. This includes policy development, state-wide planning and resource allocation.

CSA's are under the authority of the Secretary of the Department of Health and Mental Hygiene (DHMH), and are an entity of the county governments, which approve and oversee their organizational structure.

Jointly, the MHA, CSA's and Value Options (the contracted administrative service organization), coordinate and administer Maryland's PMHS.

Core Service Agency Overview

Mission:

The mission of the Core Service Agency is to plan, develop and manage a coordinated, comprehensive, accessible, culturally sensitive, and age appropriate system of publicly funded mental health services and supports for individuals with psychiatric disorders who meet certain eligibility criteria, and in conjunction with community stakeholders promote resiliency, health and recovery.

Core Service Agency's Role:

- Assessing and planning for mental health needs in their jurisdiction.
- Working to create a unified system of mental health treatment which is responsive to consumers, providers and the needs of their jurisdiction.
- Identifying individuals in their jurisdiction in need of mental health services
- Identifying support services to assist persons with mental illness to become as independent as possible
- Safeguard against unnecessary utilization of publicly funded services
- Review consumer and provider satisfaction and process grievances and complaints. Please call the CSA in your area for guidance in submitting a complaint.
- Review authorized and paid claims
- Evaluate the cost effectiveness and quality of services delivered

Behavioral Health Glossary

Behavioral Health Professionals:

Advanced Practice Psychiatric Nurses (A.P.R.N./P.M.H.) – A registered nurse certified by the Maryland State Board of Nursing, who is able to independently engage in the following activities: An A.P.R.N. is able to diagnose individuals with mental health diagnoses.

- *“Nurse Psychotherapist”* – A registered nurse, who practices psychotherapy in a structured relationship with the client
- *“Psychiatric Nurse Practitioner”* – An experienced registered nurse who possesses advanced training and education in the area of diagnosing and treating illness. Nurse practitioners are able to prescribe medication. Psychiatric nurse practitioners specialize in providing psychiatric care to individuals.

Certified Alcohol and Drug Counselor (C.A.D.C.) – A certified individual that provides alcohol and drug counseling

Clinical Social Worker (A.C.S.W., L.C.S.W., L.C.S.W.-C.) – Clinical Social Workers hold a Masters degree in social work (MSW), and specialize in clinical practice. Clinical social workers must be licensed by the State of Maryland.

Licensed Clinical Professional Counselor (L.C.P.C.) – A Licensed Clinical Professional Counselor possesses a Master's degree in professional counseling. L.C.P.C.'s must be certified by the State Board of Examiners.

Paraprofessionals – Paraprofessionals work under a trained professional in clinical settings, i.e.: Licensed Social Work Associates (Bachelor level social workers).

Psychiatrist (M.D.) – A medical doctor who possesses specialized training in the field of psychiatry. Psychiatrists must be licensed physicians in the state in which they practice and must also be certified by the American Board of Psychiatry.

Psychologist (Ph.D.) – A psychologist possesses a doctoral degree in psychology. One must be licensed by the Maryland State Board of Examiners of Psychologists. A psychologist can be a clinical or a counseling psychologist.

Behavioral Health Terms:

Case Management – A process which plans, coordinates and implements services required to meet an individual's needs.

Dual Diagnosis Treatment – Treatment for an individual with substance abuse issues as well as a mental health diagnosis.

Evidence Based Practice (EBP) – preferential use of mental and behavioral health interventions for which systematic empirical research has provided evidence of statistically significant effectiveness as treatments for specific problems.

Family Psychoeducation – providing education to individuals living with mental illness and their families with a goal of assisting the individual and their family to better understand and deal with his/her present illness, avoid relapse and contribute to their own health and wellness on a long-term basis.

IOP (Intensive Outpatient Program) – The highest level of outpatient treatment before inpatient care.

Medication Evaluation – A psychiatrist or nurse practitioner monitors and evaluates a client's medications to ensure that the client is on the proper medications. Medication evaluations can be done at various intervals.

Outpatient – Treatment that is given in the community and not in a hospitalized setting.

PHP (Partial Hospitalization Program) – A short-term day program that offers psychiatric services. PHP is less intrusive and traumatic than inpatient care. Clients are able to return to their homes at the end of the day, while still remaining under the care of mental health professionals on a daily basis.

Peer Support – Individuals or family members of those living with Mental Illness coming together to provide a self directed, grassroots association that works to enhance the mental health of other local consumers. Peer support members meet as equals to give each other support on a reciprocal basis.

Psychiatric Evaluation – An evaluation performed by a psychiatrist or nurse practitioner. A psychiatric evaluation includes the history of the present illness, current symptoms the individual is experiencing, past history of illness, family history, a review of medications, mental status examinations and a physical examination.

PRP (Psychiatric Rehabilitation Program) – A program that provides support and rehabilitation to individuals who suffer from mental illness. PRP focuses on daily living skills through the use of the community environment.

Psychological Testing – Tests which are given to individuals to assess and evaluate information. Psychological tests are administered and interpreted by a psychologist.

RRP (Residential Rehabilitation Program) – RRP housing is for individuals with a chronic mental health diagnosis, who are unable to live independently in the community.

Respite – Temporary shelter for a person in need of short term relief from a crisis they are experiencing or to provide relief to a caregiver.

Sliding Scale – Fees are set according to the client's ability to pay (i.e., if the client has no income, the fee would be \$0)

Social Service Organization – A community organization that assists individuals with such needs as locating housing, financial assistance and locating resources.

Supported Employment – system of support for individuals living with disabilities in regards to ongoing employment in integrated settings.

Telemedicine – medical information transferred through interactive audiovisual media for the purpose of consultation or the delivery of clinical care.

Uninsured – An individual is uninsured if they do not have private insurance, Medicaid or Medicare.
