4. Local Health Action Planning Coalition Structure (committees, workgroups and chairs)

The Lower Eastern Shore Tri-County Health Planning Board has been meeting on average three times a year since 1993. It rotates meeting in each county and is hosted by the county Health Planning Board Chairman in which the meeting is taking place. To date there have been no formal workgroups. Staff work with appropriate members to draft position papers and other documents as needed. Each county has one vote. The County Boards use majority of a quorum to decide what their position will be on the Tri-county questions.
