

The Governor issued an Executive Order on March 5, 2020, halting the expiration of professional licenses which your Pool and Spa Operator Certification falls under. Under this Executive Order, if your Pool and Spa Operator certification expired after March 5, 2020, the current certification will not expire until 30 days after the state of emergency is terminated. It is your responsibility to renew your certification within 30 days of the end of the state of emergency.

If your certification expired before March 5, 2020, then you must complete a four (4) hour recertification course or take a challenge exam. In addition, to those requirements an application and fee is required before you perform the duties of a pool and spa operator. There are approved online courses available to renew your certification or you can take a challenge exam. If you would like to take a challenge exam, please call 410-352-3234 to schedule one and we will accommodate you when our building is able to reopen to the public.
